## PROFILE

---

I'm a versatile software developer with experience across full-stack, mobile, and game development. I focus on clean code practices, SOLID principles, and accessible app design to deliver maintainable and user-friendly solutions. Skilled in SPA development, RESTful APIs, CI/CD processes, and Agile methodologies. Professional English level and strong team player in multicultural environments.

## TECHNICAL SKILLS

---

- Programming & Frameworks: Angular, Flutter, React Native, Kotlin, Swift, SPA Development
- Best Practices: Clean Code, SOLID, Accessible App Design
- APIs & Connectivity: RESTful WebAPI, CI/CD
- Methodologies: SCRUM/Agile
- Other: Version Control Systems (Git), Unit Testing
